## OUTDOOR (Unmounted) UNITED STATES FLAGS

Now readily available in most every size made and in three different qualities to fit each application and budget. Flags have four-row lock-stitching on fly hems with back-stitching and bar-tacking. All have double-stitched seams and heavy canvas headings with full size brass grommets. Flags 6' x 10' and smaller have embroidered stars —larger flags have appliqued stars.

**100% mercerized cotton** is color fast to sun and rain and is superior in strength than required by U.S. government specifications.

**100% nylon** will fly in the lightest breeze. Colorfast and fast

drying, these lustrous flags combine high tensile strength with durability.

**100% polyester** is a heavy duty custom flag product, engineered specifically for industrial, commercial and institutional applications or where high winds and other severe stress conditions exist. 100% woven, two-ply, spun polyester with open weave to reduce wind resistance, lessen abrasion and increase flag life.

To determine proper size flag for large outdoor poles, use the following formula: **The length of the flag should be approximately one-quarter the height of the pole.**
